Despite the heavy rains in Bengaluru over the past few days, numerous people have been standing in long queues, enduring the downpour and hardships just to collect their ration supplies. The new server installed by the Department of Civil Supplies and Consumer Affairs for ration distribution through fair price shops has been causing significant issues for beneficiaries, leaving them frustrated on a daily basis. With over 1.5 crore ration cards in the state, only 10% of cardholders have been able to receive their rations so far.

The department implemented a new server to support the functioning of the electronic point of sale (e-PoS)

"Ration collection is open until October 31, so customers are urged to remain patient. Fair price shops are operational from 7 am to 10 pm, and the server issues should be resolved soon

High Court halts Kambala race slated for Saturday

HC's decision comes after petition highlighting potential for animal abuse inherent in Kambala races; next hearing on legality of Kambala events is set for November 5

The first Kamabala race held in Palace Grounds in November 2023

The Karnataka High Court on Wednesday halted the first Kambala race of this season, which was slated to be held in Bengaluru on Saturday (October 26). A division bench headed by Chief Justice NV Anjaria and Justice KV Aravind has further instructed the State to intimate People for the Ethical Treatment of Animals (PETA), India, in advance if requests for permits are received for any other Kambala event in the city and adjourned the hearing to November 5.

Notably, PETA had filed a petition to HC seeking a stay on any Kambala in Bengaluru, terming the event 'cruel to animals' and had called for the enforcement of the Prevention of Cruelty to Animals Act, 1960, as well as the provisions of the state's 2017 amendments to the Act. The animal advocacy group had also requested the court restrict Kambala to its traditional rural locations in Udupi and Dakshina Kannada districts. PETA's plea for urgent consideration of the matter was prompted by media reports on Kambala events planned between October 26 and April 19 in various locations across Karnataka, including non-coastal areas such as Bengaluru and Shivamogga. PETA, in its petition, has argued that Kambala is primarily a tradition of Udupi and Dakshin Kannada districts, and holding the event in Bengaluru is more of a commercial than cultural perspective.

The legality of conducting a Kambala event in Bengaluru and other places where it is not traditionally held will be further considered by the Court on November 5. "Today's proceedings have prevented buffalo bulls' long and arduous transport, beatings, and other cruelty inherent in forcing buffaloes to race in Bengaluru for now. Karnataka's reputation is one of modernity, innovation, and tech and not archaic animal abuse," says Arunima Kedia, PETA's legal counsel. "We urge citizens to refuse to patronise events where animals are bullied for entertainment," Kedia added.

Kambala represents cultural heritage of entire state: Govt

However, the state government asserted before the HC on Wednesday that Kambala represents the cultural heritage of the entire state and thus should be allowed in Bengaluru. A state advocate compared the event to a horse race and cited that even horses are transported from other states for racing purposes.

Previously in Court

In 2014, the Supreme Court passed a detailed and well-reasoned judgement in Animal Welfare Board of India vs A Nagaraja & Ors that holding Kambala and other bull performances would violate the rights guaranteed to animals under the Constitution of India and the Prevention of Cruelty to Animals Act, 1960. However, after this judgement was passed, beginning in 2017, Tamil Nadu, Karnataka, and Maharashtra amended animal protection laws for their states to allow Jallikattu, Kambala, and bullock cart races, respectively. On May 18, 2023, a Constitution Bench of the SC also enabled these events to continue in these states.

Most recently, the SC agreed to consider an e-mail petition filed by PETA India and other animal rights entities requesting that petitions from these groups and those of others seeking a reversal of the May 18, 2023 judgement be urgently reviewed.

PETA's investigative footage released

PETA, on Wednesday, also released video footage from its investigation conducted during the event held in Bengaluru on November 25 and 26 last year. The footage showed buffaloes tethered without food or water, beaten with sticks, and restrained with nose ropes. The animals are also shown shouted at, slapped, and roughly handled at the starting point.

"Unique to Bengaluru, the exhausted buffaloes were forced to race on a longer 155-meter-track, leading to severe physiological stress, as evidenced by heavy salivation, frothing at the mouth, and laboured breathing. These findings were documented in a report and shared with the state government in January 2024," said PETA in a release.

Rain spurs call for BBMP polls

Citizens are demanding council elections due to delays in essential services and unresolved infrastructure issues, gathering over 10,000 signatures in social media campaign

Flooded street following a heavy rainfall

The recent heavy rainfall in Bengaluru caused extensive flooding throughout the city, revealing significant weaknesses in its infrastructure. Numerous apartment complexes were inundated, and severe traffic congestion left many citizens trapped in difficult situations. In light of these issues, community members have initiated a social media campaign advocating for the immediate conduct of Bruhat Bengaluru Mahanagara Palike (BBMP) council elections, which have been overdue for several years. A campaign on jhatkaa.org has garnered over 10,000 signatures, highlighting that it has been nearly nine years since the BBMP last held council elections. These elections, which occur every five years, were due in 2020, yet the positions remain unfilled.

The lack of properly elected officials has led to dysfunction in vital mechanisms, such as ward committee meetings, which are essential for tackling issues like water scarcity, waste management, and road maintenance. The absence of accountable authorities has resulted in numerous unresolved problems, including deteriorating infrastructure, inefficient essential services, and increased safety risks.

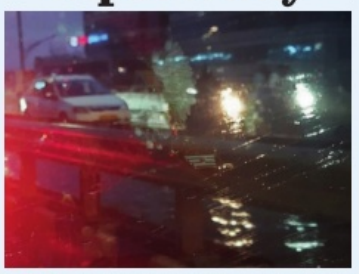
Lack of management has led to roads being poorly maintained, thereby causing disrepair. In areas like Outer Ring Road and Sarjapur Road, the condition of internal roads is deplorable due to lack of maintenance and repair, making it dangerous for both vehicles and pedestrians. Additionally, inadequate street lights have exacerbated the issue as poorly lit streets lead to a higher risk of night-time accidents.

Divya Patnaik, Campaigner of Jhatkaa.org said," The delay in BBMP elections has caused a lot of problems for the people in Bengaluru. Without elected representatives, basic services like garbage collection, road repairs, and public safety have gotten worse. The recent flooding across the city shows just how important it is to have accountable leadership in place. Elected officials would be responsible for ensuring better infrastructure and flood management, something that has been lacking. The Twitter storm was our way of raising awareness and highlighting the frustration that citizens are facing. We hope this push leads to the leaders taking note of this issue, who have previously been unresponsive."

Chiku Agarwal, Senior Engagement Associate of Jhatkaa.org said, "Over 80 people participated in a tweetstorm to advocate for BBMP elections. This activity garnered over 100,000 impressions on Twitter. While awaiting a response from decision-makers, we remain committed to our efforts."

IN BRIEF

Massive jam on expressway



Commuters using the Electronic City expressway were stuck in a bumper-to-bumper traffic snarl on the E-City expressway for nearly three hours on Wednesday evening. Those returning home through the flyover said traffic had come to a standstill on express for hours after water logging near Central Silk Board Metro Station. "I left my office in E-city at around 5 pm. However, we got stuck on the expressway immediately after that. By the time we drove down the flyover, it was 8.15 pm. The vehicles were at standstill for hours," said a commuter. Many reported the water logging episode near the Silk Board metro station and rued about the entire flyover being jammed for hours. "The entire flyover and road under it was jammed. I was stuck on the flyover for more than two hours. By the time we reached home, it was 9 pm," said another commuter.

HC orders swift renewal of lab licences

The Karnataka High Court has set a one-month deadline for the competent authority to decide on applications seeking renewal of clinical laboratory registrations under the Karnataka Private Medical Establishments Act, 2007.

Justice M Nagaprasanna, in a single-judge bench ruling, stated that failure to renew the registration within this timeframe cannot be considered an offence against the clinics, provided they have submitted their applications on time with all necessary documents.

The court's decision came while allowing a petition filed by B Gopala Krishna and another, which sought to quash the offences registered against them under various sections of the Pre-natal Diagnostic Techniques (Prohibition of Sex Selection) Act.

"In the event, that the officers do not dispose of the application within one month, they shall incur the wrath of facing disciplinary proceedings for dereliction of duty, as the callousness of those officers will lead to unnecessary registration of criminal cases against the laboratories," the court warned.

In the case at hand, Krishna, who owns a clinical laboratory, paid the renewal fee on 26 September 2022 for the renewal of the certificate of registration. However, no action was taken on the application for two years. Despite this, the District Health and Family Welfare Officer conducted inspections in the clinic and diagnostic centre, leading to the seizure of an ultrasound machine and the subsequent registration of a case.

Officers must process the application in a month or face disciplinary action

The petitioners claimed no offence under the Act, while the prosecution argued that the lab lacked a valid license. The court found that the petitioners had submitted their renewal application and fee on time, ruling that the Competent Authority's negligence caused them unjust harm.

The court found that the only allegation against the petitioners was the non-maintenance of Form F related to prenatal diagnostic tests. It noted that if no tests were conducted, Form F wouldn't exist and that no show cause notice was issued before prosecution. Consequently, the court allowed the petition, quashed the case, and directed the authority to process the renewal application for their licence.

HC halts BBMP Bylaws

The Karnataka High Court instructed the State government to refrain from notifying the final Bruhat Bengaluru Mahanagara Palike (Advertisement) Bylaws, 2024, without obtaining prior permission from the court.

The direction was issued by a Division Bench consisting of Chief Justice NV Anjaria and Justice KV Aravind while hearing a batch of PIL petitions. Several PIL petitions were filed in 2017-18 regarding BBMP's failure to take action against illegal hoardings, and the court initiated a suo motu PIL petition in July this year due to the failure of BBMP and the State government to implement various directions issued by the court since 2017 to address illegal hoardings.

The government advocate stated that BBMP had communicated with the government after addressing objections to the draft bylaws, needing a few weeks to finalise them. The Bench ruled that the new bylaws cannot be notified without prior court approval and directed the government to present the final version before notifying it.

Search & rescue operation underway on Wednesday

The officials on Wednesday have arrested three individuals, namely the owner, Muniraju Reddy, his son Mohan Reddy and the contractor (upto 4th floor) in connection with the collapse of a six storey building in Anjanadri Layout, Babusapalya. The death toll rose to eight on Wednesday. According to the officials, 24 workers were struck in the collapse, of which 14 were rescued. Operation is on to rescue two more who are still missing.

The deceased have been identified as Armaan (26), Mohammed Sahil, Sahtya Raju, Tulasi Reddy, Sriran Kirupal, Solo Paswan, Manikantan, and Pulchan Yadav. The 14 rescued include six other workers who were rescued on Wednesday, including Jagamma, Nagaraju, Ramesh Kumar, Vakeel Pashwan, Armaan (22) and Ayaaz who are currently under treatment in North Bengaluru Hospital and Hosmat Hospital.

Preliminary investigations suggested that substandard construction materials and regulatory violations may have contributed to the collapse. An eyewitness reported that rainwater entered the basement, where excavation had taken place earlier that day. "The rain and excavation that took place had loosened the soil and caused the structure to collapse," said a police official. Officials from the Bruhat Bengaluru Mahanagara Palike (BBMP) are reviewing construction permits and inspecting the site for possible violations. BBMP Chief Commissioner suspended assistant executive engineer Vinay for dereliction of duty.

FIR filed, suo motu case registered

A First Information Report (FIR) was filed on Tuesday under the Hennur police station against Muniraju and Mohan. They have been booked under Sections 100 (culpable homicide), 105 (culpable homicide not amounting to murder), 125(a)(b) (endangering life or personal safety of others) 270 (public nuisance) under the Bharatiya Nyaya Sanhita Act and various sections under the BBMP Act and Real Estate Regulatory Act. The Deputy Chief Minister, DK Shivakumar visited the spot on Tuesday. "I was told that no permission was given to the construction. Strict action will be taken against the owner and the contractor. A survey would be conducted in Bengaluru and all the illegal constructions shall be stopped immediately," he said.

Additionally, to assess the severity of the incident and to identify any lapses, Lokayukta Justice BS Patil, along with Upa Lokayukta Justices KN Phaneendra and B Veerappa, visited the site on Wednesday evening. The Lokayukta has registered a suo motu case in connection with the tragedy.

'BBMP engineers' apathy caused tragedy'

A day after the collapse of an under-construction building, citizens are expressing their anger towards the negligence and apathy of the BBMP engineers. BH Veeresh, an RTI activist, approached the Karnataka State Human Rights Commission (KSHRC) to take measures to stop exploitation of workers. "I want the BBMP to compensate the families of those workers killed in the collapse. The money spent to clear debris should be recovered from the building owner and the government to take stringent action against the BBMP engineers for allowing the construction in violation of building byelaws," he said.

Pichandi, a resident of HBR Layout, stated that the BBMP authorities have taken no action on his previous complaints regarding the under construction buildings violating byelaws in the area. "Who will be responsible if these buildings collapse?" he questioned.

In his post on Platform X, Ashok Mrithyuanjaya of the Aam Aadmi Party wrote, "Who allowed them to build a six-storey building on a 40x60 site? What was the BBMP engineer doing when this building was being constructed? Entire Whitefield, Mahadevapura, Bellandur, and AECS Layout have such high-rise buildings built on small areas. Are we waiting for these buildings to fall and then start rescue operations?" S Amaresh from the Right to Information Study Centre added, "Buildings continue to collapse and workers are getting killed, but no BBMP engineer is punished till date."

It is noted that neither the BBMP nor the police or elected representatives take any measures to ensure the safety of workers. For instance, three workers died when a building under construction collapsed at Bellandur in October 2016. Four died in a building collapse that took place at Kasavanahalli in February 2018; one died in a collapse at Cooke Town in July 2019, and two died in a collapse in October 2022. However, no BBMP engineer is punished for these tragedies, but these incidents still continue.

5 Expert Tips To Create A Striking Dining Room

Design strategies to give you a dining room that you will be proud of and want to spend time in

Designing a striking dining room goes beyond selecting furniture – it's about creating a space that reflects your personality while being functional and visually appealing. Here's how to achieve that with a focus on key elements:

Look At Lighting

Lighting sets the mood and can be a statement feature. Consider a dramatic pendant light or chandelier over the dining table as a focal point. Layer your lighting with overhead lights, wall sconces, and dimmer switches to adjust the ambiance for different occasions.

Choose Colour And Pattern With Care

Choose a colour palette that resonates with your style and enhances the room's atmosphere. A bold feature wall or unique paint colour can energise the space. Incorporate patterns through curtains or rugs, balancing them with solid colours for a cohesive look.

Seek Out Unique Furniture

Opt for distinctive pieces that make your dining room stand out. A reclaimed wood table or mix-and-match chairs can add character and charm. Ensure the furniture is comfortable, combining style with practicality for a welcoming environment.

Mix Up Materiality

Incorporate a mix of materials such as wood, metal, glass, and plush upholstery to add depth and warmth. Combining textures creates a rich, tactile experience, making the space inviting and comfortable for gatherings.

Personalise Your Space!

Add personal elements such as family heirlooms, artwork, or custom decor to make the space uniquely yours. Decorative accents such as elegant tableware and soft textiles can elevate the dining experience, creating a cosy and intimate atmosphere.

By focusing on these design elements, you can craft a dining room that is both functional and memorable, reflecting your personal style in every detail.

Long queues as people struggle to collect ration

CONTINUED FROM PAGE 1

machines used in fair price shops for online transactions. However, technical glitches have disrupted the public distribution system. Previously, rations were distributed through biometric verification and mobile OTPs, but the new server at the Karnataka State Data Centre has led to the current challenges.

Long wait

Sources said that the new system was introduced on October 17. However, with all fair price shops opening simultaneously, the server is becoming overloaded. Although officials have assured that the issue will be resolved in a couple of days, beneficiaries are now forced to wait outside the shops all day to receive their food supplies. Many daily wage workers are seen waiting, having to forgo their work. In rural areas, Antyodaya and BPL cardholders who rely heavily on monthly rations are left with no choice but to wait.

Suppliers struggling

"Despite suppliers working from morning till night, only 10 to 15 cards are processed for ration distribution each day. In such a situation, running fair price shops has become extremely difficult," a distributor said.

An official said that ration collection is open until October 31, so customers are urged to remain patient. "Fair price shops are operational from 7 am to 10 pm, and the server issues should be resolved soon. Under the 'One Nation-One Card' scheme, ration can be collected from any fair price shop. The server issue at the fair price shops has been noted, and in such cases, ration will be distributed via an OTP sent to the Aadhaar-linked mobile number," said an official.

Deadline Oct 31

There are 20,464 fair price shops in the state, with over 1.5 crore ration cards. As of October 21, 15,41,229 ration cards have been processed. With rations available until October 31, if the server issues persist, the situation may worsen for the poor. Beneficiaries are urging the department to promptly fix the server issues and ensure distribution through both biometric and mobile OTP methods.

No spitting signs pop up in B'luru layouts

In collaboration with residents and the Inner Wheel Club of Bangalore Orchards, Beautiful Bharat organised a public cleanliness drive focusing on spitting in public spaces, which took place at Cambridge Layout and Domlur BDA Layout.

Around 200 stickers were placed on the entrances of shops where spitting is a recurring issue as part of the joint cleanliness drive. About 15 people participated in the initiative, which also targeted areas near temples, where it was surprising to find spit stains despite the expectation that such spaces would encourage restraint.

No Spitting drive conducted at Cambridge Layout

The sign drive is a central initiative of Beautiful Bharat in support of the Stop India Spitting movement. Odette Katrak, the founder of Beautiful Bharat, launched this movement at the onset of the covid-19 pandemic. She emphasises that the presence of no spitting signs is crucial, as they clearly communicate that public spitting is no longer acceptable behaviour. "Take a moment to look around: we see numerous signs indicating 'No Parking', 'No Honking', and 'No Stopping', yet there are virtually no signs that say 'No Spitting'. In a country where spitting is rampant, people need reminders and this is exactly what we aim to do. We hope many more citizens can play a role in replicating this in their area as it is a low-cost, high-impact measure that is much needed," said Katrak.

BBMP (Bruhat Bengaluru Mahanagara Palike) marshals were present and also conveyed that spitting in public places is a punishable offence. "Since covid-19, our ward marshals have intensified their focus on spitting in public and have issued numerous challans to offenders," said M Bhaktaseelan, marshall supervisor.

Srinivasa Murthy from Cambridge Layout pointed out that many tree bases had turned orange due to rampant spitting. Kushal, another resident of Cambridge Layout, expressed his pleasure at seeing the signs.

Leela, another resident, expressed her appreciation for the signs.

Woman alleges threat, blackmail by sister, 2 men over nude video

A 37-year-old woman from Kengeri has filed a police complaint against three people, including her sister accusing them of harassment, threats, and unauthorised distribution of private videos. According to the complaint, the woman was in a relationship with one Tabrez, her childhood friend. Tabrez used to visit her elder sister's house in Kengeri. During one such visit, the victim made a nude video call to Tabrez from her sister's house, unaware that Tabrez had recorded the interaction.

According to the complaint, Tabrez later showed the video to her sister. Subsequently, the two sisters' relationship took a dark turn as the sister, along with Tabrez and their mutual friend Irfan Pasha, allegedly began blackmailing the victim. The accused demanded 80,000, threatening to leak the video to her husband, her children, and her family and social media spreading slanderous messages.

Despite repeated attempts to resolve the situation privately, the threats persisted. In response, she decided to file a formal complaint at Kengeri Police Station. The Kengeri police have registered an FIR against the sister, Tabrez, and Irfan Pasha, and are investigating the case. No arrests have been made so far.

Man found dead, police suspect murder

A 45-year-old man, identified locally as Kencha, was found dead in a pool of blood near Modi Bridge in Manjunath Nagar, under the Basaveshwara Nagar Police Station limits, on Tuesday morning.

The incident came to light around 10 am when a hardware shop owner arrived to open his shop and noticed the man lying near an electrical board close to the store. Upon inspection, the man appeared to have sustained injuries to his face and neck, suspected to have been inflicted with a sharp object, leading police to suspect murder. The shop owner filed a complaint in Basaveshwara Nagar police station. According to the police, the deceased was a known beggar in the area and had no known family or place of residence. —BMB

Elephant keeper drowns in BBP lake

A 20-year-old elephant keeper (Kavadi), named Gopal, drowned in Seegekatte Lake in Bannerghatta Biological Park (BBP) on Wednesday.

Gopal had taken Sampath, a 10-year-old camp elephant, for the customary bath at the lake when the elephant ran deep inside the lake, drowning Gopal.

Efforts of BBP employees to rescue Gopal failed. They immediately notified emergency services and police of the incident. Gopal's body was recovered with the help of emergency services after two hours of search and has been sent to Victoria Hospital for post-mortem examination.

Yogeshwara back with Congress

In a swift political move, former BJP MLC CP Yogeshwara officially joined the Congress party on Wednesday. He expressed his gratitude towards the Congress and explained that his decision was motivated by the BJP's alliance with the Janata Dal (Secular), which he claimed had stunted his political growth.

Yogeshwara, who had previously engaged in a verbal exchange with the DK brothers, stated, "I thank DK Suresh for bringing me back to the Congress. My political journey began with the Congress, and although I left for the BJP, I have now returned. The BJP-JDS alliance has hindered my political advancement, which is why I have rejoined the Congress."

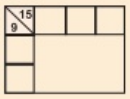
The numbers in the grey squares refer to the sums of the digits that you must fill into the empty spaces directly below or to the right of the grey square containing the number. For instance, in the given example, the 3 boxes horizontally next to 15 must contain 3 digits that add up to 15, whereas for 9, it is the 2 boxes placed vertically under it that must add up to 9. No zeros are used here, only the digits 1 through 9.



Note: A digit cannot appear more than once in any particular digit combination. For instance, in the example, we cannot have the combination of 4+7+4 for 15.

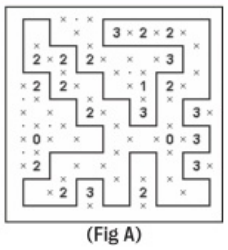
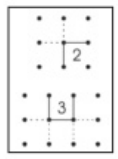
Rules

» Connect adjacent dots with vertical or horizontal lines, creating a single loop (Fig A). » Crossovers or branches are not allowed (As shown by dotted lines in Fig B). » Numbers in the puzzle indicate the number of lines that should surround it, while empty cells may be surrounded by any number of lines. » You can't draw lines around zeros. » Each puzzle has just one unique solution.



(Fig A)



(Fig B) Not Allowed

How to begin:

Example (Fig A) – Begin with the zero next to 3. Since no lines can be drawn around zero, mark crosses around it, as shown. Now there is a cross in one space around 3. So we know the three lines of 3 can only be drawn in the remaining three spaces. Next, these lines can only be extended in one direction each. Continue, using the same logic.

Hints: Keep eliminating possibilities by marking crosses in spaces between dots where a line isn't possible, i.e., if you have already completed required lines or where a line extension may create a branch or cause a dead-end (Fig B)
